SCIENTIFIC CHEMICAL TECHNOLOGIES

SCT PROFILE

Scientific Chemical Technologies (ScichemTech) in early 2010 Scientific Chemical Technologies was established in Abu Dhabi, U.A.E by a group of Educated & Experienced Professionals to cater the needs of various Scientific-Chemical-Medical, Bio-Technological & Industrial needs.

Our products are mainly designed to match the customers expectation in terms of quality & pricing. Due to our steady growth & expansion, we have recently moved to our new location in the below address:-

Our main focus is to introduce new technological products in the fields of Laboratory. Medical & Industrial. We have already introduced & marketed nearly 8200 products in various fields of technologies. Moreover our variety products are marketed to UAE and GCC origins. We have more than 28 suppliers facilities around the world, where we make high quality, precisely designed & competitively priced products, adopting various quality control procedures and modern technologies based on the world customer needs.
